AT ADAMS TODAY

Result of a Dispute.

A few young men became involved in a dispute over the respective merits of a couple of local sprinters Saturday evening and as they gazed their tempers lost all coolness and their blood was at a boiling point. One of the disputants had quite a little money and wanted to back his man then and there for \$100. His opponent said he did not have as much money with him but would place a bet for it. This the moneyed man would not listen to and so the argument went on. Soon however the men called had names to each other and the moneyed man who was the loser, strove his opponent. He did so a couple of the latter's friends took him by the arm and the moneyed man was forced to come out of the small crowd of the town and scatter a little all was quiet. Sunday noon the men who had taken part in the fight the night before, and without much ado, struck him as he was crossing the bridge on Centre street. For his aggressiveness he received a little the worst of a short fight. It happened that both fights events happened when the police were not around and it concerned thought that everything would settle until the principals of the fight were summoned into court this morning.

A New Teacher.

There has been a change in the school at Liberty street and another new teacher has been added to the roll. She is Miss Bessie M. Coe of Hopkinton. She is a graduate of the Framingham normal school and comes highly recommended. She will teach grade two at Commercial street, formerly in charge of Miss Mary McGrath. Miss McGrath will take the place of Miss Mary Gately in grade six of that school and Miss Gately will teach the third grade in the Liberty street school. This school was in charge of Miss Ida Foster who was compelled to resign on account of ill health. She is now in Boston for treatment.

Game Was a Tie.

The Crescent football team played in Dalton against an eleven of that town Saturday afternoon and so far as the result went it was like the big Yale and Harvard game. However the game was a draw. The game was a good one from the time the umpire called the both teams fought hard to get a win down. The interference on both sides was marked feature and but few runs were made. The local boys won the old score, 0-0 to good advantage and had the ball in Dalton's territory most of the time. The Dalton may play here next Saturday.

Enjoyed Good Sleuthing.

Townspoint were no doubt surprised to see many of the farmers from Florida and St. Augustine live late town Saturday night. However the farmers said that it was the only convenient way of reaching their place from their homes. They said it felt as if they were coming from the old days in East Cheshire all the way into town. In fact some places the snow was but feet deep. Farmers who were on the Crescent Saturday said there were a lot of snow from four to six feet deep.

Had a Table.

Mrs. Donald Campbell's at her home in Renfrew. Last week she was standing on a table to rest paper off the wall of a room that was to be repapered. Boys' Won.

There was quite a large crowd at Zylonic Saturday afternoon to see the foot race between Jim Doyle and T. Fitzgibbon of North Adams. Doyle gave his opponent seven-and-a-half yards start and won by a close margin. Not a great deal of money changed hands on the result.

Tickets are selling well for the last of the series of musicals to be held by the Y. P. S. C. E. at the Congregation house. The final musical will be held Tuesday evening and from the program which was printed in The Transcript last week, one is assured of hearing a good concert. The tickets are 10 cents each.

Temperance Friday.

It was Temperance Sunday at St. Mark's Episcopal church Sunday and in the evening one of the largest attendance of the past year was present. The pastor preached a very able sermon on temperance in which he showed the need of the habit and the duty of the church to be used by its clergy.

To Cure Cataract.

Do not depend on snuff, inhalants or other local applications. Cataract is a constitutional disease, and can be successfully treated only by means of a constitutional remedy like Hood's Sarsaparilla, which thoroughly purifies the blood and removes the scrofulous taint which cause cataract. The great number of testimonials from those who have been cured of cataract by Hood's Sarsaparilla prove the unequalled power of this medicine to conquer this disease. If troubled with Cataract give Hood's Sarsaparilla a fair trial at once.

WILLIAMSTOWN

Total Vote in Three Towns--Mr. Blake Satisfied--Firemen to Hold a Package Social--Williams Badly Defeated at Buffalo--To Help Hopkins Post.

Cornell 42, Williams 0.

Such was the score resulting from the Williams-Cornell football game at Buffalo Saturday afternoon. There was a large crowd present and the field was good. Cornell scored four touchdowns and two goals in the first half, four touchdowns and three goals in the second. Williams was outclassed, but played a plucky game in the face of sure defeat and never let up. Williams had the ball on Cornell's 15-yard line three times, but could not score. The game was a fast one from the start. Cornell's superiority was in wedge plays through center and tackle. Williams made most of her gains by guards-back formation and fake kick. Williams played a number of substitutes during the game. The team arrived home Sunday morning.

To Help the Post.

Among those who will take part in the presentation of the drama, "A Noble Outcast," which is to be given at the opera house by local talent in a few weeks for the benefit of Hopkins Grand Army post are Harry Browne, Arthur Terry, Misses Josephine and Elizabeth Costello of North Adams. A number of young people from Blackinton will be in the cast, with others living in this village. John Ward will direct the play and take the leading part. The play was successfully given at Blackinton last winter under his direction and there is no reason why it shall not be equally successful here.

Firemen's Package Social.

Gale Hose company will hold a package social in the hose room Tuesday evening. Packages of various sizes and kinds will be sold at auction and the proceeds will be for the benefit of the company. The sale is expected to furnish much amusement and there will be other pleasant features. Refreshments will be served and a very enjoyable time is expected. Each member of the company has the privilege of inviting two or more friends and there will doubtless be a good attendance. The firemen are planning to hold a fair in the near future, probably before Christmas.

Total Vote in Three Towns.

A. E. Hall's total vote as a candidate for the legislature was 645. He received every vote cast in Hancock, New Ashford and Lanesboro. In Dalton he received 270 votes against 65 for Mr. Brazee, who was to have been the Democratic nominee, but was ruled out by some irregularity in the preliminary work. Some of his friends, however, vote his name on their ballots, giving him 65 in all.

Mr. Blake Satisfied.

Nothing has been seen hereabouts of Elmer Walker, the 14-year-old boy who stole Briggs Blake's horse some time ago since he was so unceremoniously disappeared while in charge of Selectman Sanford. Mr. Blake does not know where he is and does not care if he will keep away from this town.

B. H. Sherman and Martin Lally have been excused from further duty on the United States jury at Boston and came home last week to stay.

Most of the others were home over Sunday and returned to Boston today.

C. D. Brown is on the sick list.

A party of ten or a dozen young people drove to North Adams Saturday night to attend an entertainment given for the benefit of a church there.

At an adjourned auction sale Saturday afternoon the balance of the household effects of the late Mrs. Eunice Spooner were disposed of.

The two operettas rendered at the opera house Friday evening by a chorus of children under the direction of J. W. Lawrence were much enjoyed by those present. The children showed good drilling and did their work in a highly creditable manner. Owing to inclement weather the attendance was small and for this reason it is quite likely that the entertainment will be repeated.

The roof of the new high school building will be covered with the best Pennsylvania slate. The heating boilers, two in number, have been received and will be placed in position at once. They were manufactured by the Hodge company of East Boston, and are considered second to none.

Mrs. Anton Gauthier returned home Saturday night from Philadelphia, where she had been visiting her sister for a short time.

Green River grange will be inspected Wednesday evening by a deputy inspector from the eastern part of the state.

Mr. Edward Bratcher arrived home Saturday night from New York, where she underwent operation about a month ago in Roosevelt hospital. The operation was very successful and she is rapidly recovering.

Miss Clara Mason is stopping with her cousin, Mrs. A. J. Daniels, for a short time before leaving for Cincinnati with Mr. and Mrs. J. W. Bullock for the winter.

NURSE YOUR COUGH.

Not as many people do, with the seeming object of developing it as they would a growing plant. It will, so nursed, develop into serious and often incurable troubles. If attended to properly and the patient is given

**PANCIER'S PETROLEUM EMULSION**  
The cough will soon become loose and finally vanish. Our Emulsion is far superior in every respect to cod liver oil. It is palatable, easy to digest, and relieves the coughing sufferer almost immediately. It heals the ravages that have already been made and aids Nature to create new and healthy tissue.  
Sold by all druggists. 50c and \$1.00.  
Angier-Lucas Co., Atlantic City, N.J.

H. C. Walden is building a good sized corn house on his place on Spring street. A large Plymouth Rock pulpit owned by E. C. Walden recently flew out of a tree and broke a leg in lighting. Mr. Walden applied splints and bandaged the leg, which grew together nicely, and the pulpit is now apparently as sound as ever. Charles Crandall spent Sunday in Pittsfield.

Dr. Scudder has returned home from his visit in the Northern part of the state. Mr. Scudder, who has been working in Wilmington for several months, came with him.

NORTH FOWNAL.

Vincent Nadeau has rented the Parker farm situated in the J. Brown hollow owned by the North Fownal Manufacturing company. He has commenced plowing so as to get an early start with his spring work.

The Catholic people assisted by others have Academy hall nicely decorated and from appearances the fair this week will be a great success.

The Catholic church here is fast being completed, the roof being nearly all sided including the steeple.

There have been rumors of another new church being built in our village by the Methodist people in the near future. We can see no reason why they can't have a new church if they set out for it for they are quite numerous through the town and their meetings held in Wesleyan hall for the past year or more have been well attended. Moreover the society known as the Willing Workers have been a great help to the church.

Winter is settling in upon us, the crops are all harvested with the exception of occasionally a field of corn or a few frozen apples only fit for cider. The farmer can look back at the past year's work with its bountiful hay crop, and he may have harvested a good crop of corn, but very few can claim a good crop of potatoes. Those who did have a fine crop of potatoes were in great luck. The apple crop has been light and most farmers have found it more profitable to sell their apples to dealers, taking them all large and small at \$1.50 and \$1.75 a barrel, than to sort out about one-half of the crop which would be marketable. Taking the whole season, the majority of the farmers feel that things have not been what they might have been.

The revival meetings at the M. E. church will be continued throughout the week. Rev. E. B. Kellogg conducted the Monday and Tuesday evening meetings. Rev. Mr. Wilson of Williamstown presided at Tuesday and Thursday evening. Albert Simmons will take charge Friday evening.

A year ago a Woodford woman bought a hen, (or rather got trusted for it) and the other day brought back the fowl saying that it had laid a dozen dozen or more eggs during the year but she guessed she wouldn't keep it because the color of the feathers on the hen's neck didn't suit her daughter. "All right," said the neighbor, "we're glad to get the hen back for we began to think that you never would pay for it."

**CASE OF DESTITUTION**  
Two Little Girls From Williamstown Charged With Vagrancy.  
**NEGLECTED BY THEIR PARENTS**  
Left to Wander About the Streets and Beg Their Food. No Bed to Sleep On. Parents Were Never Married. Mother and Father Now Apart.

Among the many cases that were before the district court this morning were those against Bertha L. and Mary L. Bingham of Williamstown for vagrancy. Their ages were 11 and 12 years respectively. They were arrested at the depot Sunday morning by Officer Walsh, for loitering about the place, and when asked where their home was, said in Williamstown. They told the officer that they had been turned out by their father and had been straying around for some time. Chief Kendall went to the father, Thomas Bingham of Williamstown Sunday. He found him at home with three small children, and he was intoxicated. He was told of the arrest of his two daughters and did not seem to mind it. He told the chief that the mother of the children was his wife in name only. They had never been married, though they had lived together and had 11 children, six of whom were dead. It was a very sad case of destitution, the father has been in court here for drunkenness and is a very shiftless man. The mother it is understood is in this city and lives with another man. Neither of the parents were at court this morning to see their children. The girls are bright and good looking children and it was pitiful to hear them tell their stories of how they had been abused. A few evenings ago they were found sleeping in a water closet on Centre Street. State Agent Morton was present this morning and the girls will be committed to the state board of charity at Lunenburg. The authorities should see to it that the other three children are properly taken care of. One of them is a baby boy, 11 months old, a girl six years old and a boy seven years old.

**SOVEREIGN DEPOSED.**  
Decided Change in the Leaders of the Knights of Labor.  
Lewistown, Nov. 12.—James H. Sovereign, who has been general master of the Knights of Labor for the past four years or more, has been relieved of his office by the general assembly, which has been in session in this city since Monday last. Under ordinary conditions Mr. Sovereign's term would not expire until the next meeting. This, however, it is said, makes no difference with the order, whose general officers during a meeting are always in the hands of the assembly and can be re-elected or disposed of at the will of the majority. Among the 11th Sovereign there were three other officers elected: T. B. McGuire, general secretary; Daniel Brown of Montana and H. B. Martin of Minnesota, members of the executive committee. Henry A. Nicks of New York city was chosen to fill Mr. Sovereign's place and L. D. Chan, Berkeley, Cal., was selected as general worthy foreman. Field Fitzpatrick of Montreal and Henry Dostoevich of assembly 200, glass workers, were chosen as the two members of the executive committee, the third member being Andrew D. Best. In his address Mr. Sovereign dwelt freely on the triumph of the principles of the order, saying that it had survived the onsets of its traitors and prospered in spite of the contumacy of its enemies. The order was stronger today in membership, stronger in character and stronger in the hearts of the people than it was a year ago. He recommended that the order confine its deliberations solely to the work of organization and to this end plans should be put in operation which would insure the services of the large, possible number of experienced and efficient organizers in related and unorganized fields. He said that the work of wholesale reform in the labor field is extended through the cooperation and action of the poor by the holding of the capital, the domination of the press and the domination of the politics of the country, while the courts apply the arrogant lash of despotism in the form of injunctions against the freedom of speech and peaceable assemblage of the poor.

**BATH'S NEW TREASURER.**  
Bath, Me., Nov. 12.—The treasury difficulty was settled last night at a meeting of the city government. George C. Thibodeau, mayor for Treasurer of Bath, was called and stated that matters would be settled satisfactorily provided the vote of the previous meeting was rescinded. This being agreed to by the city council, Mr. Palmer resigned the position of city treasurer and in joint convention Oscar C. Rogers was elected treasurer for the balance of the annual year.

**Oh, How Thankful**  
Pain Was Maddening and Hope Had Been Abandoned—Wonderful Results of Purifying the Blood.  
"A very severe pain came in my left knee, which grew worse and worse, and finally a sore broke out above the knee. It was a great deal of the pain from my thigh down was maddening. Large, hard, purple spots appeared on my leg. I suffered in this way for years, and gave up all hope of ever being cured. My wife was reading of a case like mine cured by Hood's Sarsaparilla, and she advised me to try it. I began taking it and when I had used a few bottles I found relief from my suffering. Oh, how thankful I am for this relief! I am stronger than I have ever been in my life. I am in the best of health, have a good appetite and am a new man altogether." J. P. Moore, Lisbon Falls, Maine.

**"A GLORIOUS DEFEAT"**  
Is the Way Buffalo People View the Result of the Williams-Cornell Game.  
The Buffalo Sunday News says in part of Saturday's Williams-Cornell game played at Buffalo:  
"Five thousand people or thereabouts shivered and shouted at Olympic Park yesterday afternoon. Some shouted at one time and some shouted at another, but most of them shivered all of the time. But what reeked the 5,000 shivers of the day, most laden air which pierced to the marrow? Were not the padded and shock-haired warriors of old Williams and of younger but vigorous Cornell meeting on the chalk-marked field? Nearly all of the chilly multitude were partisans of one or the other of the two teams, and when the blood is up comfort is forgotten. A stranger at Olympic park yesterday afternoon might easily have imagined that Buffalo, instead of being a great center of population, with only an embryonic university, was a genuine college town, like they have in New England.  
"The scene was an enlivening one to contemplate. What most appealed to the eye was the pretty girls and the bits of brilliant color with which the whole mass of humanity was dotted. Nearly every fair maid proclaimed her preference by waving a bannerette, colored with the carmine and white of Cornell or the royal purple of Williams.  
"Far across the field, rising above the wall of humanity on the side line, were to be seen coaches, drags, 'buses and carriages, brilliant with the flying streamers of partisans.  
"The battle was as plucky a struggle as ever seen on a local field. It was evident from the beginning that Williams was outclassed, that there was little hope for a victory over Cornell's sons, yet from the start until the referee's whistle announced the end of the game not once did the little New England band despair. They made the Cornellians via every inch of ground they gained and when in turn they secured the ball they fought with spirit of laurels freshly won.  
"With the ball in their possession it came at times that Williams would win out in spite of the odds against them. Branch, Davis and Williams rallying with a snap that amazed Coach Warner's men, would plunge through the line of Cornellians for good substantial gains. The line could not hold them at these desperate moments. But with the goal line almost within their reach the Williams backs would be forced to give up the ball on the fourth down.  
"This was the story of the whole game. It was weight, with irresistible force, against pluck, nerve and determination. For a time pluck and determination would seem to triumph, but when the final test would come, when the royal purple warriors would reach a point where they seriously threatened the blue and white of the Cornellians, the indomitable strength of the heavy team would triumph.  
Score: Cornell, 42; Williams, 0. The line-up:  
Cornell, Position, Williams, Position.  
Tracy, left end, Williams, right end.  
Lueder, left tackle, Williams, right tackle.  
Reed, left guard, Williams, left guard.  
Schuch-Tangeman, center, Williams, center.  
Faville, right guard, Williams, right guard.  
Hackett, right tackle, Williams, right tackle.  
McKeever, right end, Williams, right end.  
Young, quarterback, Williams, quarterback.  
Whiting-Hill, left halfback, Williams, left halfback.  
Wilson, right halfback, Williams, right halfback.  
Parkinson, fullback, Williams, fullback.  
Tombachows—Whiting 2, Wilson 2, Perkins 1, Young and Schleicher goals from touchdowns, Young 5, Referee, Percy Lang, Yale; punts, W. D. Ward, Princeton; line-men, Frank S. Porter, Cornell and Mr. Marsh, Williams. Time of halves, 35 minutes. Attendance, 5000.

**NOTRE DAME FAIR**  
Opened in Odd Fellows' Hall Saturday Evening With a Large Crowd.  
**SOME OF THE FEATURES**  
The Fair for the Benefit of the Parochial School Building Fund. Was Planned and is Carried on by the Women of the Parish.  
The annual fair under the direction of the women of Notre Dame church opened at Odd Fellows hall Saturday evening and is one of the best entertainments that this town have planned.  
The fair is for the purpose of raising money for the parochial school fund, and is being conducted on a fine, though not too elaborate scale. The women have arranged matters in a delightful way, and they are being encouraged by the large attendance of Saturday evening and the prospect for tonight. The attendance was all that could be desired Saturday. The contest that has been arranged between the young women for the diamond ring has started very successfully, the friends of the young women entering into the competition with great enthusiasm.  
One of the features of the opening night and which will be a feature for the seven evenings the fair will run, is a postoffice at which a good number of letters are mailed. It only costs five cents to get a letter and the contents of the missive more than compensate for the postage. A 15-cent supper was served Saturday evening and two will be served this week. They will be beautiful and of the best of fare. A large number of French people from Adams and Williamstown will attend the fair. The entertainment every evening will be of high order. Those who have not planned to spend an evening at any other place should arrange to go to the fair this evening and then decide to attend several times during the week.  
Among those who are prominent in directing the work of preparation are Mrs. M. Owens, Mrs. Edmund Bissell, Mrs. Moses Granger, Mrs. George Felix, Mrs. Vadnais and Mrs. Gagnon.

The nippy weather for heavier jackets is here. Stylish, serviceable ones at the New York Cloak and Suit Co.'s, and there's little enough to pay for them. Look you think of someone who would be pleased with a real tortoise shell comb, or pair of side combs? Dickinson shows them in plenty.

**AN IMPORTANT QUERY.**  
That Permits of Only One Honest Answer.  
This unavoidable question has to be answered honestly by North Adams after they have read the opinions given below by Mrs. E. H. Potter of 21 Washington avenue, which of a dozen articles all making the same claims can I depend upon most, one was endorsed by people well known in North Adams or eleven endorsed by utter strangers. Read this and compare the evidence with other statements about other kidney remedies published side by side with it in the columns of this paper.  
Mrs. Potter says: "I commenced years ago to have backache, languor and depression. Later on a frequent desire to urinate set in, the secretions grew less and finally painful. Headaches and dizziness accompanied this and I became so weak and worn out that I was unable to do the lightest household work. I got nothing to fully relieve me until I procured a box of Doan's Kidney Pills at Burlingame & Darbys drug store. The many different testimonials appearing in the daily papers from people who had found in Doan's Kidney Pills a positive cure for kidney complaint attracted my attention and I concluded they would suit my case. They did. I got the greatest relief I ever obtained from any medicine. They regulated the urinary troubles almost immediately. I have not felt as well in many years."  
Doan's Kidney Pills are for sale by all dealers. Price 50 cents or mailed by Foster-McMillan Co., Buffalo, N. Y., 1 agents for the United States.

**STAKES ATTACHED.**  
The Horse Race That Took Place on the Fair Grounds Saturday.  
The horse race between W. C. Brownseau's grey mare and the grey gelding owned by Dr. Andler of Adams, took place at the fair grounds Saturday afternoon. Dr. Andler's horse was backed by several persons from Adams for \$100 and won in three straight heats with ease. The best time was 2:50 and F. M. Dodge of Pittsfield drove the winner. When all was over the visitors went to the stakeholder and demanded the money. It could not be given over however, for an attachment had been placed on it by J. A. Johnson the horse dealer of this city.  
Mr. Johnson claimed that N. E. Brownseau owed him for horse hire and board since last spring when Mr. Brownseau was in the bottling business here. He had an Adams sheriff place an attachment on it Friday evening. The winners say they will fight the case before they give over any money.
